Using the words of William Jennings Bryan, in his speech on National license a saloon where men get drunk, and then arrest the man for getting drunk. He thought it would be just as sensible if a man came to town and

Why not put a "boozer," with red nose and bleary eyes, and clothes awry, in front of every soloon, or in the window, and show what it does, and then put above every saloon door, "abandon hope, all ye who enter here." flood-tides are told, The level of their height is marked by the place that women hold.

I want to also give you some statistics: 75% of the men and drinkers, reason you northerners came down to of some form or another, less than 2% of men begin to drink after maturity; 69% were drunkards before 21; 30% before 16 and 1% before 12. This goes to prove that someone is not caring properly for children. Many a drunkard has been made by a mother giving a child whiskey sling for colic or other ailments. Another avenue is patent medicine. Most patent medicines contain a large amount of alcohol. The largest and best hospitals and sanitariums have now banished the use of alcohol entirely, as scientists and physicians have found that alcohol is of no medicinal value what-

against the traffic continuance. To do any of these things, is to betray his citizenship, the religion he professes, and the church of the living Christ.

The lather trusts the mother to care for the children and educate them. The mother plants the ideals.

We can dress the sore, bandage the wound, imprison the criminal, heal the sick, and bury the dead; but there is always a chance that we can save a child. If the great army of philanthropists ever exterminate sin and pestilence; ever works out our race's salvation, it will be because a little child has led them.

We must not think because there isn't a saloon here, that there is nothing to do. Ohio going dry this fall depends on each and every one of us. You think your boy and your girl is safe. No one is safe while the enemy is among us, for we do not know when how, or where it will strike. It is perfectly natural to think my boy will never drink, my girl will never marry a drunkard. If you wait to see, it may be too late. Get into the harness and don't leave a stone unturned. We can't all be generals and captains, but we can all be privates. If a general didn't have a company of good privates, he couldn't do much alone.
